Dear Sir,

Referring to your advertisement on Glints website, I am interested in applying for the position of Quality Assurance Engineer (Fresh Graduate).

I am a graduate of Mathematics Department, Sepuluh Nopember Institute of Technology (ITS) in Surabaya. I also attended training, namely Amazon Web Service Cloud Foundation and Amazon Web Service Cloud Developing.

During my time at Sepuluh Nopember Institute of Technology (ITS), I became Head of Internal Department at UKAFO (ITS Photography Club). I also became a teaching assistant at PAPSI ITS and Documentation Assistant for Indonesian Architecture Conference 2018.

Although I am still lacking in terms of technical skills, my curiosity and ability to work with others will enable me to learn quickly about the tasks and responsibilities of the position.

I am looking forward to receiving an invitation to attend an interview where I can have an opportunity to present myself in more details.

Sincerely Yours,

Robertus Diawan Chris
